WHY BUY Bamboo?

Our Organic Bamboo is the most eco-friendly fibre we produce as it grows and regrows without the need for supplemental irrigation or insecticides. This fibre is 100% sustainable and all naturally grown. Bamboo also has natural anti-bacterial properties making it ideal for bedding products, and is arguably the softest wadding we produce.

KEY FEATURES

- Soft and easy to needle by hand or machine.
- Double processed to prevent bearding
- Great for those with allergies.
- Made from pure Bamboo fibres which produces a very soft result.
- No resin, sprays or glues.
